

## QUALITY POLICY

The basic mission of **RAND Polyproducts Pvt. Ltd.** is to develop and manufacture cost effective, high quality chemical products through innovation and consistently meet customers' expectations regarding product quality, technical service and commercial interactions.

We believe in the constant pursuit of customer satisfaction and good corporate citizenship, especially in our responsibility towards our employees and the environment. We are committed to achieving our mission of product innovation and meeting expectations of all interested parties, while ensuring compliance with all statutory requirements.

We will achieve our goals through the development of documented systems and procedures focusing on continual improvement through active engagement of our employees and periodic upgradation of infrastructure.
